- The multi-purpose mat for all high-footfall areas and stand-up workstations which are not exposed to any specific impact or hostile influences, e.g. in front of workbenches, assembly benches, production lines, turning and milling machines, machining centres, in assembly pits, on gratings or at bar counters and cashier points
- Also available in different colours on request
- Bevelled outside edges for reduced risk of stumbling
- Very firm and sturdy making it suitable as a base when using transportation equipment
- This mat is due to the choice of high quality material comperatively odour less and therefore good applicable at indoor- areas
- Cleaning of mat and floor facilitated by simple removal of mat
